Subject: Request for Status Update on AI Face Recognition

Hi Nayan

I hope you're doing well.

I'm reaching out to request an update on the current status of the AI Face Recognition. As we are approaching 6th December, it would be helpful to understand where we stand and if there are any outstanding issues or concerns.

Could you please provide an update on the following:

1. Current progress and any completed tasks
2. Upcoming tasks and estimated completion dates
3. Any challenges or roadblocks encountered
4. Any additional support or resources needed

Your update will help us ensure that everything is on track and facilitate any necessary adjustments.

Thank you in advance for your prompt response.

Best regards,
Vinay Jadav
